

NEW PUBLIC SQUARES PROJECT: REMAKING PUBLIC GOOD

- ▶ Where does joy exist in your community?
- ▶ What does public good mean to you?
- ▶ What should be provided for your community, and who should provide it?

Do you want to be involved in setting a new national agenda on the public good, while connecting across organisations who work collaboratively where people and planet come first?

We're looking for Uniting Church volunteers willing to host a series of 3 consecutive conversations at your Congregation (between April and September 2021). Volunteers are provided with all the support required for deep thinking conversations that lead to big outcomes. It's anticipated to be about 30 hours of time spread across 6 months.

To participate, contact Timothy.Molineux@victas.uca.org.au or visit <https://justact.org.au/economy-for-life/actions/>
