Feedback on Justice and International Mission Cluster work areas

October 2026

Each year the Justice and International Mission Cluster is keen to get feedback from its supporters, that is you, about what issues you would like the Cluster to resource you to take action on.

While an issue may be important, you might believe the Cluster is not the best organisation to provide the resources to address the issue, or the Cluster's resources are best directed to other issues.

So please fill out the survey over the page and post it back to us at:

Justice and International Mission Cluster
Centre for Theology and Ministry
29 College Crescent
Parkville, Victoria, 3052

Or e-mail your feedback to mark.zirnsak@victas.uca.org.au. Please provide your feedback by Friday 18 December 2026.

The Cluster can only adopt new issues if there are enough people who want to be resourced on it.

The levels of response are:
- **Strong support** – you are willing to be very active on the issue.
- **Moderate support** – you are willing to take action on the issue if resourced to do so;
- **Not interested** in the issue; and,
- **Do not support** work on the issue.

Please tick the box that indicates your level of support for the issues below. You can indicate your support to be resourced on as many issues as you think you have energy for.

The order of the issues in ordinary type reflects the previous order of support for the issues received in the feedback we were provided in the last survey.

The issue in bold is a new issue that was raised by a supporter that they would like to see the JIM Cluster provide opportunities for action on.

Issue	Strong Support	Moderate Support	Not Interested	Do Not Support
1. Curbing homelessness				
2. Supporting People Seeking Asylum and Refugees				
3. Climate Justice				
4. Ending Racism				
5. Curbing inequality				
6. Justice for First Peoples				
7. Curbing Family Violence				
8. Support for People with Disabilities and Mental Health needs				
9. Eliminating human trafficking and slavery
